“Their sound appeals to me personally as I am a huge EWF, Sly, Stevie and Prince Fan.”

Roy Elkins, *Broadjam President*, Oct. 2017

“[A] Soul/Funk juggernaut. Uptown Funk might give it to you, but Charles Walker & Co.’s Soul will lift you spirits, engage your head, move your ass, work you up, melt you down and mold you into a better version of you.”

Brian Baker, *City Beat* (Cincinnati) - May 2015

“extremely strong melodies, stellar arrangements...Walker’s Prince affections come strongly to the fore...”

Rick Tvedt, *Local Sounds* (Madison) - Sept. 2014

“Walker...took vocal duties and the beat felt more soulful. Walker’s saxophone playing was incredible. His solo included him strolling through the crowd...basically posing for pictures while he wowed the entire crowd.”

Jordan Rowan, *The Campus Eye* (Minneapolis) - Nov. 2015

“chops are strong...command of the genre is certifiable, and who generate excitement at every turn”

Jeff Tamarkin, *Billboard*
